
C'est Chine welcome you to experience
the spirit and soul of China.

C'est Chine

C'est Chine brings to you the mystique and drama from legendary China. This menu showcases two art forms that brings out the essence of this enchanted land, its culinary heritage and the embodiment of performing arts - The Chinese Opera.

Both these art forms trace their roots to the earliest known aeon of recorded Chinese history. The Opera traces a plethora of human emotions, touches every aspect of Chinese life, traces legends, myths, trials, triumphs, valour, melancholy and romance of dynasty after dynasty, event after event, across centuries. The cuisine follows a similar course.

Just as the Opera explores nuances of music, dance and expressions, the cuisine explores shades of taste that carry aroma, spices and flavours influenced by monarchs, celebrated chefs and common folk leading simple lives. Every preparation is hence, an anthology and an exploration that represents the evolution of an entire civilization.

Colour is of immense importance in both these art forms. Chinese entrée have three to five colours - caramel, white, yellow, black and dark green. The same shades can be seen in the elaborately painted faces or masks of the performers in the Opera. Red denotes courage and bravery, black reflects impartiality and boldness, yellow is ambition, green signifies impulsiveness and stubbornness while gold and silver represent ethereal beings.

So, enjoy this sojourn as our Master Chef presents to you an opera of taste and aroma that talks of stories grand and ordinary from his homeland.
